

REFIT SERVICE MAINTENANCE

ABOUT US

Established in 1982, Gulf Craft stands as a premier superyacht builder globally. From crafting fishing boats to superyachts, our expertise spans the entire spectrum of yacht manufacturing. At Gulf Craft Services, we capitalize on over 40 years of industry experience, offering a comprehensive array of maintenance and refit services. Client satisfaction is paramount, and we strive to consistently deliver quality in every facet of their engagement with us. We are dedicated to excellence in our work and the quality of service we provide.

Strategically positioned at two locations—Ajman for vessels up to 100 ton and Umm Al Quwain for vessels up to 450 ton—rest assured that your boat is in professional hands. Our committed service technicians prioritize quality and efficiency. Leveraging the skills of our workforce and employing cutting-edge techniques and machinery, we ensure precision in meeting your unique needs. What truly sets us apart is our ability to handle all aspects of the work internally, with our skilled team, distinguishing us as a leader in the Gulf region's shipyard landscape.

We pride ourselves in innovation, practicality, and quality to curate the feeling of luxury, leisure, and lifestyle.

SYSTEM EXPERTISE

ELECTRICAL

We undertake a specialized set of services dedicated to the installation, maintenance, and repair of electrical systems aboard vessels. Our skilled marine electricians ensure compliance with safety standards, optimal system performance, and reliability at sea. From troubleshooting electrical issues to implementing upgrades and integrating cutting-edge technologies, electrical work on yachts, plays a crucial role in enhancing both the functionality and safety of the vessel.

MECHANICAL & FITTING

Mechanical and fittings services for yachts involve the installation, maintenance, and repair of the vessel's propulsion systems, and various mechanical components. This specialized work ensures the performance which is critical to the yacht's operation. Our professional mechanical and fittings services contribute significantly to the efficiency, safety, and overall functionality of yachts, providing owners with peace of mind and a smooth sailing experience.

HVAC SYSTEM

We specialize in HVAC service, which involves the installation, maintenance, and repair of climate control systems designed to ensure optimal comfort on board. Professional HVAC services contribute to a luxurious and enjoyable experience, allowing owners and guests to relax in a climate-controlled environment while cruising or moored at a marina.

SERVICE SPECIALIZATION

PAINTING & FINISHING

We utilize advanced techniques to ensure a flawless, durable, and visually stunning results. From colour customization to protective coatings, yacht painting and finishing contribute significantly to preserving the vessel's appearance and structural integrity while reflecting the owner's personal style

GENERAL MAINTENANCE

Our dedicated team of technicians conducts routine inspections, addressing mechanical, electrical, and structural components. This encompasses tasks such as engine checks, hull cleaning, and system assessments to prevent issues and ensure optimal functionality. From minor repairs to preventive measures, our maintenance services aim to extend the lifespan of the yacht, enhance safety, and contribute to a seamless and enjoyable sailing experience for owners and passengers alike.

INSTALLATION

Skilled technicians ensure seamless integration, calibration, and ongoing maintenance of navigation equipment, communication systems, radar, sonar, GPS, and other advanced technologies essential for maritime operations. Providing owners with state-of-the-art tools for navigation, communication, and overall vessel management. This service not only improves the efficiency and safety of yachts but also offers a technologically advanced and sophisticated experience for owners and their guests on board.

CRAFTSMANSHIP

UPHOLSTERY

Our upholstery team cater to the interior design and comfort of vessels, offering repair and custom solutions for seating, cushions, and furnishings. Upholstery not only enhances the aesthetic appeal of yacht interiors but also ensures durability and functionality. Our owners can personalize their vessels with bespoke upholstery, creating a luxurious and comfortable onboard experience that reflects their style preferences.

CARPENTRY

Our skilled carpenters work on both the interior and exterior, crafting bespoke features such as cabinetry, furniture, and decorative accents. This meticulous process involves a combination of traditional woodworking techniques and modern technology to create elegant and functional components tailored to the owner's preferences. Not only does it add a touch of luxury and aesthetics to the vessel but also contributes to its overall comfort and uniqueness.

FABRICATION

Our fabrication team extends beyond routine maintenance, offering the ability to enhance and personalize a yacht's features, ensuring a unique and luxurious experience for the owner. From custom interiors to innovative structural components, we can add a touch of exclusivity and functionality to the vessel.

MOBILE SERVICE TEAM

We provide a range of services to support your yacht, offering the flexibility to come to any marina in the UAE. Our skilled team is equipped to handle various services, including plumbing, electrical, fiberglass, mechanical, and hydraulic repairs. Additionally, we can conduct thorough system check-ups and sea trials to guarantee that your boat is in excellent working order.

Annual & Monthly Service Packages

Customized service packages are available for both an annual and monthly basis which can be tailored to suit the specific needs of your vessel.

Please feel free to contact our dedicated team and we will ensure all your needs are promptly addressed!

SPARE PARTS & ACCESSORIES

We offer a comprehensive selection of electrical, mechanical, and plumbing spare parts, along with a variety of yacht accessories, ensuring you have everything you need for both maintenance and leisure on board.
