

NOMAD
YACHTS

Nomad 65 SUV

With a fine-tuned design featuring a semi-displacement hull and 70'5" LOA (21.5m) the Nomad 70 SUV is able to travel through open waters and reach impressive distances at significant speeds. Her exterior lines depict strength and ruggedness, while the luxurious interiors offer significant volume - thanks to her six-metre-plus beam.

Time has been spent across the SUV range to meet our clients' requirements of powerful engines (can hit maximum speeds of 25 knots), impressive volume (housing five cabins in a 70-foot yacht), luxurious interiors and a rugged, avant-garde aesthetic.
